Aqua with Netatmo Smart Single Powerpoint Instruction Manual

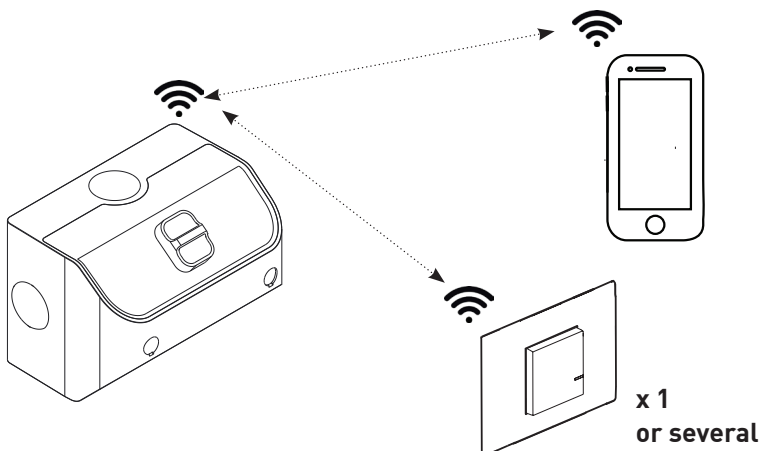

RWL787IOTMG

This product is a connected accessory which requires you to buy and install the Arteor with Netatmo Starter Kit (AWNSKIT Series) or Basic Kit (AWNBKIT Series) first.

1 Things to consider before installation

To control your Aqua with Netatmo socket, you can either use a smart device (phone or tablet) or an Arteor with Netatmo wireless switch (AWNWSW1 series).

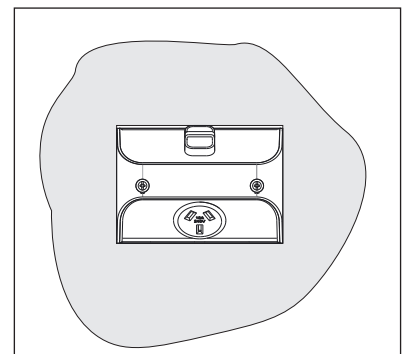

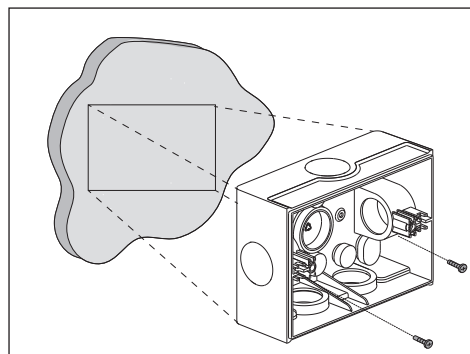

Note: Wireless switch and phone shown above are not included in this pack.

! Do not use: Arteor with Netatmo smart light switch (AWNVSx series or AWNHSx series) or smart dimmer switch (AWNVDM1 or AWNHDM1 series) to control your Aqua with Netatmo Smart Single Powerpoint.

2 Installation

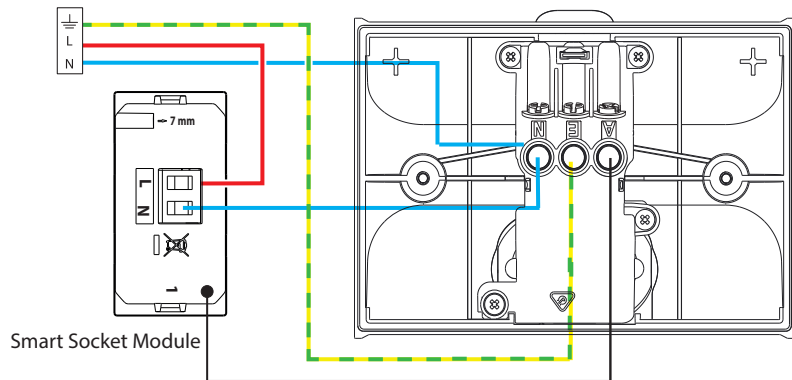

- The powerpoint should be wall mounted on the structure with screws. (not provided)
- All entries must be sealed with an appropriate sealant and applied according to sealant manufacturer instructions.
- When mounting the box to a wall, drill holes for fasteners in the correct position, seal around the edges of the box, and fit the supplied caps.
- When fitting the cover to the box, make sure the gasket is free of dirt and seated correctly. Tighten screws securely.
- Failure to follow the manufacturers instructions will void the manufacturers' warranty.

3 Wiring the Smart Socket Module

- N (Neutral) = Blue/Black
- L (Active) = Brown/Red
- ⚡ (Earth) = Green/Yellow

(2.5mm² rigid wire recommended)

Frequency bands: 2.4 - 2.4835 GHz
Power level :<100mW

4 Setting the Smart Single Powerpoint

- Ensure the Smart Socket Module is readily accessible and front LED indicator is visible.
- All the "with Netatmo" products must be powered back ON simultaneously. To achieve this, use the Main Switch rather than individual sub-circuits.
- Press and hold the centre of the Wireless Master Switch (provide with Arteor with Netatmo Starter kit or Basic kit) until it lights briefly in GREEN then release.
- Wait for the Smart Socket Module front LED indicator to turn GREEN.
- Press the centre of the Wireless Master Switch, it will flash 3 times then goes OFF.
- Launch the Legrand Home + Control app, go to settings/Add a new product section and follow the tutorial prompts.
- Once set up is finished, switch off the Main Switch and put the Smart Socket Module back into the Aqua powerpoint base and screw the front cover back on.
- Turn the Main Switch back ON.

5 Product Notes

1. This product must be installed and used as per these instructions. **2.** This product must be installed by a licensed electrician. **3.** An IP rating of IP53 is generally considered suitable for external walls with supplementary protection such as overhanging eaves. **4.** The IP rating of this product is only valid when all applicable seals, glands and their appropriate cables are installed correctly. **5.** The IP rating of this product is only valid when installed on flat and non-porous surfaces. Additional sealing may be required for irregular surfaces. **6.** The fixing screws on this product should be tightened to a maximum torque of 0.8Nm. Over tightening may damage the product. **7.** This product contains no serviceable parts and no attempt should be made to repair this product. If the product is faulty it should be discarded. **8.** This product has been designed to operate in ambient temperatures 5°C to 35°C. **9.** Extended exposure to UV rays (such as exposure to direct sunlight) may cause discolouration of this product. **10.** This product is not suitable for installation in hazardous and/or corrosive areas. **11.** The material in this product may vary in colour from batch to batch. Colour matching from one batch to another cannot be guaranteed. **12.** This product has been designed to operate on a nominal supply voltage of 230V - 6% to 240V a.c. + 6%. **13.** Legrand reserves the right to modify the specifications of this product at any time. **14.** This product utilises intellectual property in the form of registered designs, trademarks, and/or patents. Such intellectual property remains the property of Legrand in cases.

Warranty

Legrand will honour all statutory guarantees that you as a consumer are entitled to rely upon under the Australian and New Zealand Consumer Laws against a manufacturer including a guarantee that this product is of acceptable quality.

To make a claim under any statutory guarantee you should first contact the supplier, or retailer from whom you purchased this product.
