

6 Door Bell operation

Press the button on the bell press transmitter. The door bell will sound and the indicator light on the unit will flash.

Flashing	Mode
Slow	←
Fast	Someone rings
Alternate	Low receiver battery

7 Important Notes Before First Time Use

1. Do not use rechargeable batteries, do not mix old and new batteries or different types. Alkaline batteries are recommended in the receiver for a longer operating life. 2. The operation and range of your wireless door bell depends on location, temperature and battery condition. 3. Do not expose the unit to rain or immerse either unit in water. 4. Avoid locations where the bell press transmitter is exposed to direct summer sunlight. 5. Do not leave exhausted batteries in door bell receiver or bell press transmitter. 6. Clean only with a damp cloth and mild detergent. Do not use solvents.

8 Product Notes

1. Suitable for indoor installation only. 2. Handle the door bell gently and carefully. Dropping it can damage the circuit boards and can cause the door bell to work improperly. 3. Keep the door bell away from dust and dirt, which can cause premature wear of parts. 4. Use only fresh batteries of the recommended size and type. Always remove old or weak batteries. They can leak chemicals that can destroy electronic circuits. 5. Modifying or tampering with the door bell's internal components can cause a malfunction and might invalidate its warranty. 6. This product contains no serviceable parts and no attempt should be made to repair this product. If the product is faulty it should be discarded. 7. The material in this product may vary in colour from batch to batch. Colour matching from one batch to another cannot be guaranteed. 8. Legrand reserves the right to modify the specifications of this product at any time. 9. This product utilises intellectual property in the form of registered designs, trademarks, and/or patents. Such intellectual property remains the property of Legrand in all cases.

9 Warning

1. Ensure the device's battery compartment is secured with a screw provided. 2. Do not use if the battery compartment is not secure. 3. Dispose of used button/coin batteries immediately by placing sticky tape around both sides of the battery and dispose of it immediately in an outside bin, out of reach of children, or recycle safely.

WARNING

THIS PRODUCT CONTAINS A COIN BATTERY

If swallowed, a lithium coin battery can cause severe or fatal injuries within 2 hours. Keep batteries out of reach of children.

If you think batteries may have been swallowed or placed inside any part of the body, seek medical attention immediately.

Warranty

Legrand Australia warrants this product for a period of 3 years from the date of purchase.

These goods come with guarantees that cannot be excluded under the Australian and New Zealand Consumer Laws. You are entitled to a replacement or a refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

See the Warranty card enclosed with this product for further details.

5 Operating Instructions

BATTERY REPLACEMENT

Receiver

Transmitter

Battery cover must be fixed using screws as shown.

ADDITIONAL TRANSMITTER PAIRING

TRANSMITTER UNPAIRING

1. Remove batteries of receiver.
2. Hold Receiver pairing button and load in batteries at the same time, and keep holding pairing button till you hear ding dong. All transmitter pairing are cleared.

ADDING MP3 MELODIES

1. Install the software on a computer using USB cable supplied, from the internal memory of the door bell.

USB type A cable

2. Click on the icon to launch the software

4. Click + to import an MP3 melody in the selection window.

5. Select the melody and press play (mandatory 1 time).

6. Set the duration of your melody by selecting the beginning and the end and click \leftarrow

7. The software asks you to confirm where to save the new MP3 file: Receiver memory.

8. To set the MP3 melody, select it with the B button.
