

# Dimmer - Leading Edge 1000W

CAT NO. 1000L

1000LMWE

1000LWE

XL1000LWE

With 'leading edge' circuitry, the 1000L dimmers are suitable for wirewound transformers and incandescent loads. Part of the new series of HPM dimmers, they are flicker and noise free and include extra features such as soft-start and over-temperature protection.

Flicker and  
noise free

- Quiet
- Flicker free
- Suitable for dimming with wirewound transformers
- Soft start - lamp turns on gradually to increase lamp life
- Over-temperature protection - lamp automatically dims if dimmer is overloaded
- Short circuit protection
- Compatible with HPM switch plates - Standard or Excel 3 gang plate
