## YOU ASK, ALEXA ANSWERS

Control home automation through your voice: lights, roller shutters, security alarm, favourite music and temperature, or ask for any information.

*Alexa, what will  
the weather be like  
tomorrow?*

*"Alexa, welcome me  
home!"*

**Note:** setting up a routine is required to perform this action. With the "Welcome me home" routine, it is possible to activate lights, roller shutters and music and set the ideal temperature.

*Alexa, how long to go on  
the timer for the cake?*

**MyHOME\_Up** system can be managed with the voice also with the Amazon Alexa and Google Home voice assistants.
